

The two friends headed for there. Coming closer quietly, they saw a big hole near the cave. Suddenly, a large conger eel came out. Fortunately, Bernie, who runs very fast, manages to escape from him.

Suddenly, an octopus appeared from nowhere and gobbled the friends in its tentacles. The predator found the taste of the anemones disgusting and spat them out. The octopus tried to bite them a second time and finally abandoned its prey.

Phew, our friends were saved!

After this big fright, they found something to eat at the bottom of the sea. While they were eating, a small shrimp approached.

« Bonjour, je m'appelle Bleuette. Est-ce que vous pouvez me laisser manger vos miettes ?

- Oui, avec plaisir », répondirent les nouveaux amis.»

So they shared their delicious meal. They invited the shrimp to come with them and everyone left for new adventures...
